FOR IMMEDIATE RELEASE

## WESMAR Announces 12th Annual Dealers and Distributors Seminar Dates

Woodinville, WA- 6 March 2009- WESMAR is excited to be gearing up for the domestic and international 12th annual seminar series designed for dealers and distributors that sell and install WESMAR's bow thruster and roll fin stabilizer systems. The widely acclaimed workshops will be conducted over the course of two days and are available June 15-16 and August 17-18 at WESMAR's manufacturing facility located in Woodinville, WA.

The summer seminars are provided for dealers, service agents, builders, and anyone working with WESMAR's mechanical products. Structured as a hands-on experience, the educational two day seminars are focused on installation, service, and troubleshooting WESMAR products. Covering hydraulics, custom APU systems, anchor windlass, bow and stern thrusters as well as stabilizer systems, the seminars will provide a complete informative and interactive experience for those in attendance. Drawing in industry experts from around the world, the seminars highlight the innovative advancements and intuitive designs of WESMAR's rugged and reliable systems, built for the toughest of sea conditions.

Space for the seminars are limited and are reserved as a first come first serve basis. Spots fill up quickly, so potential participants are advised to sign up as soon as possible. To receive a registration form, contact Bob Sentz at [bsentz@wesmar.com](mailto:bsentz@wesmar.com) or call (425) 481-2296. Registration forms must be received no later than May15 in order to secure a place.
