

NEW From WESMAR

CS 20 Catch Sensors

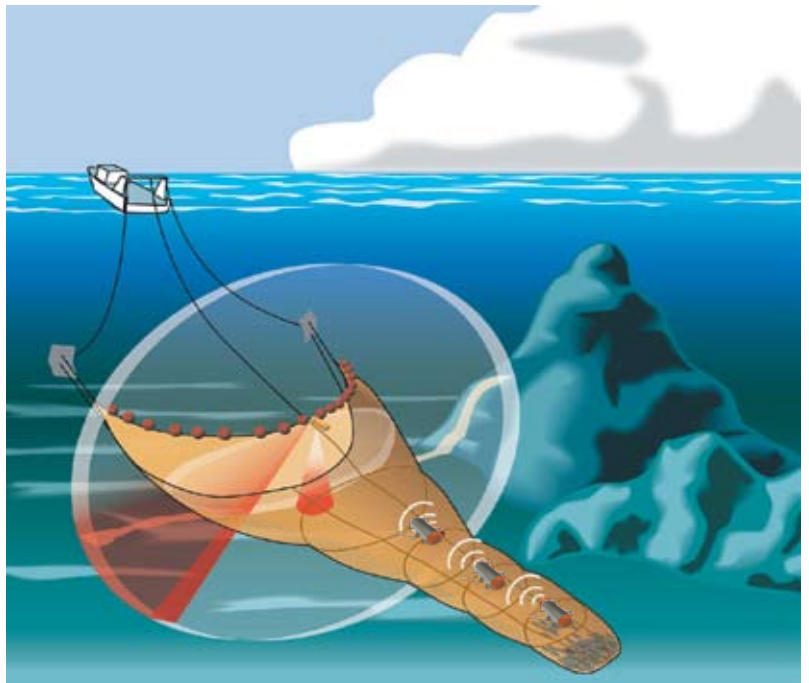

These lightweight, high-frequency sensors are factory programmed to operate with any WESMAR Trawl sonar or interchangeable with other models.

- ◆ Available in numbers 1-6
- ◆ High powered
- ◆ Long battery life
- ◆ Durable stainless steel carrier
- ◆ Reasonably priced
- ◆ Pre-programmed for dependability
- ◆ Transmit consecutively when triggered
- ◆ Encapsulated, no O-rings to leak
- ◆ Lightweight for small codends
- ◆ Carrier and trigger remain on net as sensor is removed for charging!
