

Mechanical Assembly Technician

Western Marine Electronics (WESMAR), based in Arlington, WA is a world leader in the design and manufacture of sonar for the commercial fishing industry, and marine equipment for propulsion and stabilization of yachts and commercial marine vessels.

Founded in 1965, WESMAR pioneered technology advances in sonar and radar. WESMAR was the first company to introduce counter rotational dual propeller bow and stern thrusters and introduced significant advances in stabilization technology for yachts and work boats.

Due to growth and expansion into our new facility in Arlington, WA we are seeking qualified candidates for the position of an Electronics Assembly Technician.
